Learn and master the technique of foundation paper piecing (FPP) while making the gorgeous hexagon quilt blocks and stunning borders of the All Together Now quilt. This class is best suited for open minded quilters who are ready to add a new technique to their tool belt. No previous experience with FPP is needed. We'll start with a presentation about how to apply color and contrast to the quilt blocks and borders. Then, I'll guide you through the steps of FPP with lots of tips and tricks as we make block #3 together.

**Everything in pink is clickable.**
